Education

Drexel University: Bachelor of Science in Animation/Visual Effects, Fine Arts Minor

A.J. Drexel Scholarship: September 2014 - June 2018

- Graduated June 2018
- Cumulative GPA: 3.3

Experience

Employment:

• Resilient Coders (February 2023)

- To-do List: created a flexible to-do list that lets users mark, remove, and clear tasks. HTML/CSS styled it, while Javascript provided the functionality.
- Slot Machine: built a 3-reel slot machine with 5 outcomes per reel, where the money updates based on user input and a bet amount between \$5 and \$100. HTML/CSS styled it, while Javascript provided the functionality.
- Web Design: recreated the Facebook landing page, the Boston newsletter site layout, and the responsive design of The Atlantic newsletter site. HTML/CSS were used along with dedicated efforts and media queries.

Volunteering: January 2014 - Present

Volunteered at a NY Cares soup kitchen for underprivileged and transient individuals.

Aided in community garden clean up through New York Cares

Tutored several ESL students at school for TOEFL

Community: January 2014 - Present

- Queer People of Color (QPOC) at Drexel University
 - Fostered communication and growth through outreach to members of the community
 - Provided a spaces for members to feel safe and heard
- Worked on a small team of artists to paint three murals to aid in the beautification of the school
